

THE METROPOLY CHALLENGE

Chances are that at some point during your lifetime you have played the well-known board game Monopoly. Well this is Metropoly - and you are playing it for real!

Teams are divided, the rules explained, and 'kit bags' handed out. Teams then set off on the challenge. They must plan a route around on foot and by public transport to collect properties by photographing their teams at key locations. Teams must also complete a series of compulsory tasks (Community Trove and Pot Luck). Bonus points are scored for completing difficult or unusual tasks (i.e. photograph the team with a Finnish Tourist (proof required). Maximum points for photographing another team without them knowing or for finding a set of bearded, identical twins! General knowledge riddles and clues about the specific city add more competition still.

This activity is available in two formats. **Retro** using wide format Polaroid instant cameras or **Digital** using 4G enabled ipads with geo-located clues.

DURATION:
3-4 hours
