

THE DIAMOND CHALLENGE

The Diamond Challenge is inspirational, exciting and guarantees to get your guests talking. When guests arrive they are invited to attend a champagne reception. On entering they are greeted by hosts and hostesses and offered a glass of champagne from specially prepared trays.

Before they drink they are informed that if they look closely there is a 1 carat diamond in the bottom of each glass. All except one of the diamonds are zircons or paste diamonds with a street value of less than £0.50. However, one of the stones is a certificated diamond of significant value (we suggest a wholesale price of about £1,000.00)

Around the room are occasional tables with jewellers' callipers, eye-glasses, gem lamps and black cloths. Our expert will give a short overview on diamonds and how you tell the difference between a real and a fake. Then guests will be invited to use the specialist equipment to examine their diamond. Finally, through a process of elimination the winner is found. They get to keep the diamond and are presented with the validation and valuation certificates.
