

FOOD

ART CHALLENGE

Creativity, planning, teamwork, lateral thinking, leadership and effective communication are all vital ingredients in the Food Art Challenge.

The challenge begins with a food trivia quiz. In this round teams will need to identify obscure food items, suggest food pairings, participate in blind taste tests and identify a number of aromas from the Food Art Challenge scent library.

For each correct answer in the quiz the team earns one food item which they can select from the 'food art market.'

Working as a team, delegates must then create a piece of food art. This may be an advert, a poster or a photograph but it must be made entirely from food items.

The theme of the required pictures will be based on the theme of the conference, team event or offsite.

Finished pictures are then photographed, framed and put on display while the judges select the winning team.

DURATION:
1-2 hours

THEMES:
Collaboration, planning, teamwork, effective communication, leadership, resource management, problem solving, fun

ENVIRONMENT:
Indoor, outdoor

FUNCTION:
Team Building
